ABOUT EPILEPSY ONTARIO

Epilepsy Ontario (EO) is a registered charitable non-profit, non-governmental health organization dedicated to promoting independence and optimal quality of life for children and adults living with seizure disorders, by promoting information, awareness, support services, advocacy, education and research.

Through a network of local agencies, contacts and associates, Epilepsy Ontario provides client services, counselling, information and referral services, education, advocacy services for children and adults living with seizure disorders, and for their families, friends, co-workers and caregivers.

Epilepsy Ontario makes long term investments to raise standards of care and support medical research into seizure disorders. We improve the public awareness and education through advocacy the provincial resource centre, publications, our web site – www.epilepsyontario.org and outreach programmes.

In 2015, Epilepsy Ontario celebrates 59 years as a registered charity in service to persons with epilepsy. Epilepsy Ontario's funding is entirely from the general public, including contributions from corporations, foundations, patrons, individuals and generated from special events.

WHAT WE OFFER

Epilepsy Ontario's Board of Directors is a volunteer group that contributes directly to the governance of the organization, including financial governance oversight, policy development and strategic planning. Each director is asked to research and understand the mission of the organization and its activities thoroughly.

Board members also participate in committee work which supports the overall governance of the charity, e.g. through the Finance and Audit Committee or the Nomination and Governance Committee. Other unique skills to ad hoc committee operating as needed are called upon by senior management in areas such as fundraising and communications initiatives.

Comprised of 9 directors, Epilepsy Ontario's Board is a policy board comprised of committed and enthusiastic individuals who are knowledgeable in governance, financial management, and epilepsy and human resources.
