Dear Parent or Guardian,

Establishing appropriate policies/procedures in schools for students with medical conditions such as epilepsy is critical to ensure student health, safety and successful participation in learning.

The Ontario Physical and Health Education Association (Ophea), in cooperation with the Government of Ontario, is seeking to understand how you as a parent/guardian and your child with a medical condition are being supported. We are also interested in your perspective on possible strengths and opportunities to improve how school's can support the management and response to these conditions for your child.

Participating in this survey is completely voluntary. Your answers are grouped with answers provided by other participants. Your participation is anonymous. Your answers and whether or not you choose to participate in the survey will not affect you.

If you would like to participate in this survey, please click on the following link:
fluidsurveys.com/s/medical-conditions-survey-parent/

If you have any *technical* questions about the survey, please email our survey administration partner at sfarid@intel-icon.com, or, please call and leave a confidential message at: (905) 409-1164.

Thank you very much for your participation in this important survey.

Chris Markham
Executive Director and C.E.O.
Ophea
